AARON B. LABINI

aaronbarlas.labini@gmail.com | +639318924911 | GitHub | LinkedIn

Seeking an opportunity to acquire valuable knowledge and skills to use what I have learned and apply it to an actual job environment. In return, I offer my service and determination to contribute to your business.

PROJECTS

eBicol University Provident Fund | Capstone Project

- Participated in the design, implementation, and deployment phases of our capstone project as a Full-Stack Developer. Our technology stack included the utilization of the Laravel Framework, Bootstrap, CSS, HTML, and JavaScript. Engaged in effective collaboration with team members, utilizing Git and GitHub for version control.
- Repository: https://github.com/eBUPF/eBUPF

Portfolio

- My personal portfolio website built using React and Tailwind CSS

- Live: https://sagitace.github.io/portfolio/
- Repository: https://github.com/sagitace/portfolio
